

A woman with long dark hair and sunglasses is sitting on a concrete ledge, looking off to the side. She is wearing a light-colored, textured sweater and dark shorts. A large, dark-colored bag is resting on the ground next to her. The background shows a brick building and a street lamp under a warm, golden light.

A DAY IN THE LIFE OF DUFFLE BAGS

PBO'S 2013 & 2014 DUFFLE BAG RANGE

Our extensive range of duffle bags have been developed to carry sporting gear, shoes, socks, clothes, documents and conference gear, overnight clothes, towels, bats, or anything to your heart's content. They have even been known to carry a little dog! Sometimes there are side pockets for carrying a bunch of nick knacks, or even a shoe compartment to keep shoes separate from clean clothes – no mess no fuss! They are available in all sizes: small, medium and large. Duffles are suitable for sporting teams, gifts with corporate branding, the gym, or to pack all your favourites for a weekend away. Small duffles can even be used to carry documents at conferences and used again and again for the gym or just as a carry bag. This is the perfect bag for all!
